Date: - 06/05/2024

Report On the Teaching Session Carried Out On the Relevance and Operational Features of the Immunization Clinic

1. Lectures are conducted on vaccine to Undergraduate students II, III and Final Year MBBS students.
2. Demonstration are conducted for the Undergraduate students as well as Postgraduate students of the department during Clinical Posting at Paediatrics department of the institute.
3. Plays / Skills are organized by Undergraduate students for the awareness in community regarding the benefits of the vaccination and for educating common public by solving their question / queries related to vaccination of their children.
4. Poster related to information on vaccination and its benefits and awareness are displayed in Dept. of Paediatrics for the students as well as the community education and awareness regarding the benefits and clearing the doubts about the immunization.

Dr. Sunil Natha Mhaske
