RESEARCH CELL SOPs

SOPs for presenting research projects at Seminars/Symposiums/Conferences/Workshops & publishing research projects in various journals

It has been observed that many Post-Graduate students and faculty are presenting different types of research projects at various conferences/workshops/seminars/symposiums as well as publishing the research projects in various journals without following standard research ethical guidelines. Also the different steps of research methodology (e.g., study design, sample size, statistics, etc.) in many research projects are not followed.

Hence, the following guidelines have been prepared to streamline all the research related activities going on in the institution. All Under-graduate and Post-graduate students and faculty are hereby instructed to strictly follow the below mentioned guidelines while doing any research to avoid further ethical and legal implications.

1. Any research project undertaken by any Under-graduate and Post-graduate student or faculty should be first acknowledged at the department level with Head of department and Guide (in case of UG/PG students).
2. Every research project proposal should be submitted as per the given format along with the covering letter to the Research Cell through proper channel.
3. Research project proposal will be evaluated by the Research Cell and suggestions will be given if any modifications are required.
4. After making certain changes as suggested by Research Cell, proposal should be re-submitted.
5. After taking clearance from the Research Cell, the proposal then should be submitted to the Institutional Ethics Committee (IEC) in the appropriate format given by the IEC to the secretary of IEC.
6. It is mandatory to obtain IEC approval letter before carrying out any research project in the institution.
7. Any Under-graduate and Post-graduate student or faculty who want to publish any research article in the journal, they can check the plagiarism before sending the article for the publication. The plagiarism check software is available with Dr. Deepak Anap (Prof. & Head, Dept. of Musculoskeletal Sciences, DVVPF's College of Physiotherapy).
8. HR policy for availing leaves & remuneration for presenting paper/poster and chairing a session/ speaker Seminars/Symposiums/Conferences/Workshops

Prescribed proforma for seeking permission to attend or present a research paper / poster or chairing the session at professional Seminar / Symposium / Conference / Workshop (S/S/C/W) at State / National / International level

1. Name of applicant (Faculty/UG/PG student): _____
2. Designation: _____
3. Department: _____
4. Title of S/S/C/W: _____
5. Place of S/S/C/W: _____
6. Date of S/S/C/W: _____
7. Title of Research Paper / Poster accepted for presentation:

8. Acceptance letter from Organizing Committee of S/S/C/W: (Enclose copy)
9. Details of Research Paper / Poster to be presented at S/S/C/W: (Enclose copy in under following heads)
 - a. Title
 - b. Author(s) Name:
 - c. Abstract
 - d. Key words
 - e. Introduction
 - f. Review of literature
 - g. Need of the study

INCUBATION CENTER

Innovation Ecosystem

Institution has created an ecosystem for innovations including incubation centre and other initiatives for creation and transfer of knowledge

Response:

The founder Chairman of the College Dr. Balasaheb Vikhe Patil Predicted a Corporate Culture and his efforts fructified with the development of this Institute, DVVPF'S Medical College & Hospital, Ahmednagar started in 2004 which laid the seed to establish an ecosystem to encourage research and innovation.

The ecosystem evolves with Collaborative research with Various other research institutes in India and abroad. A couple of department of the college being recognized as PhD research centre are the assets of the institute.

The following Committees in the College are actively involved in the establishment of a research culture and promote initiatives for creation, transfer of knowledge and formation of incubation center.

1. Incubation Centre
2. Research Cell&IPR Committee.
3. Ethics Committee

1. Incubation Centre

The primary objective of the Incubation centre is to foster innovation research and entrepreneurial activities in healthcare related areas focusing on creating a generation of zealous entrepreneurs and converting novel research into valuable intellectual property. Thus efforts are made to establish an internal entrepreneurial ecosystem channelizing the student's creative and innovative ideas into business propositions and enabling them to monetize the same. The basic idea is to offer students an alternative career option of being job creators instead of job seekers.

The Incubation Centre with a vision to promote entrepreneurial spirit amongst students, and faculty members. The alumni/researchers if approached with newer concepts, college help these researchers to generate proof-of-concept through lab level experimentations and validate minimum viability of concept.

RESEARCH MUSEUM

The Research Museum

If you don't know history, then you don't know anything.
You are a leaf that doesn't know it is a part of tree.

Michel Crichton

The medical museum is a teaching resource as important to a medical college as its library. The research cell department of D. V. V. P. F's Medical College, Ahmednagar developed a research museum in 2020. The purpose of research museums is to collect, preserves, interpret, and display objects of scientific significance for the education of the students especially in the field of research.

The primary objective of museum is sensitization of medical students & faculty regarding research and publications. This innovative idea is given by our dean Dr. S N Mhaske in 2019 which bloom in March 2020 because of hard work of research cell members. Inauguration ceremony of research museum was done by the auspicious hands of Hon'ble Vice Chancellor MUHS, Nashik Dr. Deelip Mhaisekar on Thursday 5th March 2020.

The research museum displays the following things

A] Three Statues of eminent researchers

1. Basrelief sculpture

"Research holding the torch of knowledge (1896)" by Olin Levi Warner, Library of Congress, Thomas Jefferson Building, Washington, D C

2. Sir Ronald Fisher

17th February 1890- July 1962

A British statistician and Geneticist

A genius who almost single- handedly created the foundation for modern statistical science

3. Dr. Vasant Ramji Khanolkar

13th April 1895- 29th October 1978

Father of medical research in India

Received Pasma Bhushan Award in 1955

B] Quotes – Eleven quotes related to research were displayed

C] Charts giving information about various aspects about the research

1. Definition of research
2. Research question
3. Research hypothesis
4. FINER Criteria
5. Research study design
6. Systematic review
7. Analytical studies
8. Experimental studies
9. How qualitative is different from quantitative research
10. Scale of measurement
11. Sample size calculation
12. Evaluation of new diagnostic tests
13. Meta-analysis

14. Inferential statistic
15. Scale of measurement
16. Research reporting
17. Errors in measurements
18. Parametric tests
19. Sampling methods
20. Data presentation
21. General principles for clinical research
22. Regulatory bodies in health research
23. Institutional Ethical Committee (IEC) as per ICMR

D] Information of research related Scientists is displayed

1. Louis Pasteur
2. Olin Levi Warner
3. Aristotle
4. Edward Jenner
5. Joseph Lister
6. John W Creswell
7. Shanti Swarup Bhatnagar
8. Francis Crick

E] Charts by students

1. Pros and Cons of Coffee consumption
2. Receptor Mechanism (GPCR)
3. Acute inflammatory response

F] Models by students

1. Rotatory model of DNA
2. Dark-Light model for evaluation of Anti-Anxiety medicine
3. ECG model
4. Facial muscle model
5. Cell membrane model
6. Insulin mediated glucose uptake

G] Display of various research books

H] Display of year wise publications of DVVPF's Medical College

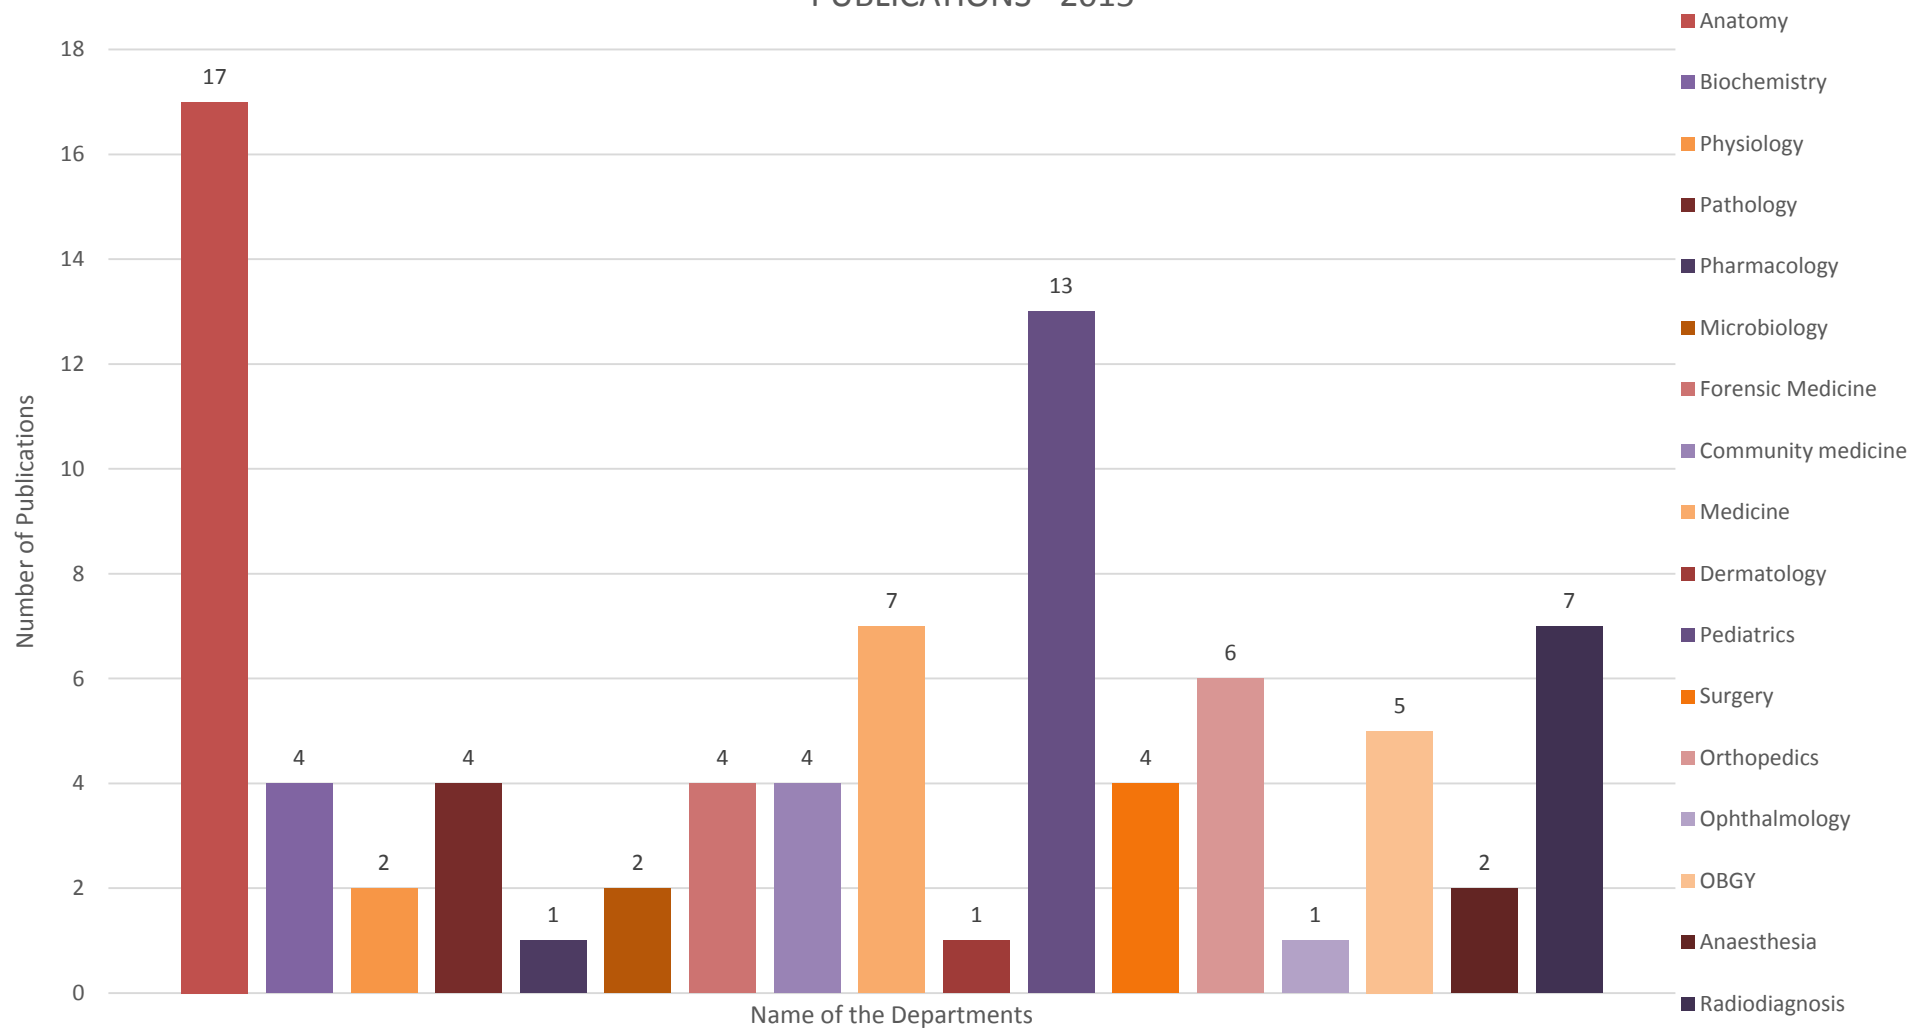

I] Visitor book is kept in museum

"Research is seeing what everybody else has seen and thinking what nobody else has thought"

GLIMPSES OF RESEARCH CELL ACTIVITIES

Research Cell Inauguration by Hon'ble Dr. Dattatreyudu Nori

Dr. Dattatreya Nuri

Dr. Dattatreya Nuri M.D., FACR, FACRO, is Professor and Executive Vice Chairman of the Radiation Oncology Department at The New York-Presbyterian Hospital/Weill Cornell Medical College in New York City. In addition, Dr. Nuri is Chairman of Radiation Oncology at The New York Hospital Medical Center of Queens. He is also the Director of the Cancer Center at the New York Hospital Queens, in which capacity he heads that organization's cancer program. Dr. Nuri has an international reputation as a pioneer and authority in radiation oncology and brachytherapy. He was instrumental in introducing the current techniques and clinical concepts of High Dose Rate Brachytherapy for gynecological, genitourinary, thoracic and head and neck tumors. His research also included efforts to improve the outcome for patients with prostate cancer, lung cancer, pancreas, breast and other cancers. He has been called "a recognized leader in his specialty" by the prestigious New England Journal of Medicine.

Dr. Nuri served in the American Cancer Society in various positions including Chairmanship of the Professional Education Committee. The American Cancer Society honored him with their highest prestigious award "Tribute to Life" for his accomplishments in cancer research. Dr. Nuri has trained more than 150 residents and fellows, some of whom have become Chairman of academic departments in the U.S. Dr. Nuri is a Fellow in the American College of Radiology, Fellow in the American College of Radiation Oncology, past President of the American Brachytherapy Society, and a current member of several national and international oncology societies. He is also an Associate Editor of three oncology journals as well as a Visiting Professor to many universities in the U.S. and abroad. He has published three books and more than 200 scientific articles. He has given several prestigious lectureships such as the Probststein Oncology lecture at Washington University in St. Louis. He received a Gold Medal from the Indian Medical Association for his contributions to cancer research and training Indian physicians in the U.S. He also received the Excelcier Award from the Network of Indian Professionals in the United States and many Indian Organizations in the U.S., such as the Nargis Dutt Cancer Foundation and the Federation of Indian Associations have honored him for his contributions to cancer research.

Dr. Nuri has provided technical and scientific help to many cancer centers in India, South America and Israel, and he is also the Founding Member of the Indo-American Cancer Institute for Women and Children, a state-of-the art 250 bed cancer and research institute located in Hyderabad, A.P. which was inaugurated by the Prime Minister of India in 2001 and he is Padmashree Awardee.
